Travel Insurance

Tibet Tours, LLC is not responsible for sickness, accident, or death. We strongly recommend you acquire Traveler's Insurance.

I have acquired Traveler's Insurance. I will not hold Tibet Eco Tours, its owners, or its affiliates responsible for sickness, injury, or death during my travels to Tibet. I will pay any extra costs associated with sickness, injury, or death not covered by my insurance.

Signed _____ Date _____

I have decided not to purchase Traveler's Insurance. I understand that regular health insurance normally does not cover travel outside the United States. I have chosen to travel without insurance. I will be responsible for payment of all emergency and medical bills while I travel.

Air Travel

The Tibet Autonomous Region has been closed to foreigners in the past. This can happen at any time, and without warning. We recommend that you buy insured plane tickets, or, you buy tickets to a location outside of the TAR. In the case that TAR is closed, you may choose to have an amazing Tibetan experience in the Amdo and Kham regions of the Tibetan Plateau. Or, Tibet Eco-Tours will be glad to reschedule your trip for the future, if you prefer. Finally, you may choose not to go at all, and, if TAR is closed, we promise to refund your payment.

Deposit

To book your tour, we require a deposit of \$200. The deposit is NOT refundable. The full cost of the tour is due three weeks before your tour.

Cancellation Policy

You may cancel up to three weeks – 21 days – before your tour begins. You will receive a full refund, minus your deposit. Within the 21-day period, no refund is possible. However, you may apply the payment towards a future trip.

No refund is available for any part of the tour that you choose not to participate in, for any reason, once the tour is underway. Please talk to our booking agent in advance if you are not satisfied with your itinerary.

In the event that the TAR closes, due to a political situation or natural disaster, Tibet Eco Tours will offer the choice of an alternative tour, a future tour, or a full refund. The choice is up to the traveler, and Tibet Eco Tours will be glad to give a full refund if requested.

If TAR closes while a tour is in progress, we can no longer offer a refund.
